|------|----------------------------------|--|
| Logo | XXXX ISO9001:2015 Quality Manual | Reviewed by: Approved by: Version: |
|------|----------------------------------|--|

2) The acceptance of products;
c) Determining the resources needed to achieve conformity to the product and service requirements;
d) Implementing control of the processes in accordance with the criteria;
e) Determining, maintaining and retaining documented information to the extent necessary:
1) To have **confidence** that the processes have been carried out as planned;
2) To **demonstrate** the conformity of products and services to their requirements.
We assure the output of our planning is suitable for our operations.
XXXX will control planned changes and review the consequences of unintended changes, and take action to mitigate any adverse effects, as necessary.
XXXX ensure that **outsourced processes** related to **###** are controlled (see 8.4).

8.2 Requirements for products and services

8.2.1 Customer communication

Note: XXXX define Customer Spec as customer property, we save the customer spec. in **xxx**
When change to customer spec happen, we will update it (**xxx**) on time to prevent unintended misuse.

8.2.2 Determining the requirements for products and services

When determining the requirements for the products/services to be offered to customers, XXXX ensure that:
a) The product requirements are defined, including applicable legal requirements & those necessary for XXXX.
b) The claims for the products and services it offers can be met.

8.2.3 Review of the requirements for products and services

Quality is about processes and data

Page 13

Quality is shared responsibility within an organization
